Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

A note on course exemptions:
Although it is not possible to directly transfer credit for courses from another program to this program, it is possible to exempt some required courses based on graduate-level work taken elsewhere. Among the Clinical Area's guidelines for considering requests for exemption of courses are the following: Any exemption request involving a graduate course from another university to be substituted for a University of Michigan Departmental (but not uniquely an Area) requirement, e.g., outside cores, has to be approved by the instructor of the corresponding University of Michigan course. If the instructor agrees to the exemption, and the Student Academic Affairs Chair concurs, the Clinical Area will consider the requirement to have been met. Exemptions involving requirements of the Clinical Area (theory, research, intervention sequences) may not exceed 50% of the required courses and must be approved by the Area Chair and the Curriculum Committee. Requests for these exemptions should be directed to the Clinical Area Chair. With respect to the assessment sequence, all students must take at least one assessment course plus psychotherapy lab in residence.
