

LANGUAGE, THOUGHT, AND CULTURE

This Curriculum Guide **is not** a major or minor plan; it is a list of recommended courses for students interested in psycholinguistics, neurolinguistics, and cognitive neuroscience, development psychology, philosophy of language and mind and theoretical linguistics.

Note on Pre-requisites: Many of these courses have prerequisites. Please refer to the current LSA Bulletin or course guide for information regarding which courses are required. It is important that prerequisites are taken early in a student's academic career so that they will be completed in time to take the desired course.

All of the Psychology courses below are included in the Psychology major plan. Courses in italics are also included in the Biopsychology, Cognition and Neuroscience major plan. To determine which requirement a course fulfills, view the major worksheets at www.myumi.ch/6OvRe.l

BREADTH/GATEWAY COURSES

These courses are recommended to be taken early in the student's major plan as they serve as prerequisites to many upper division courses.

- *PSYCH 240 Intro to Cognitive Psychology*
