

# OUTSTANDING RESEARCH MENTOR

**DANIEL KRUGER, PH.D.**

**RESEARCH ASSISTANT PROFESSOR,  
INSTITUTE FOR SOCIAL RESEARCH**

Dr. Kruger was nominated by:  
Stephanie Misevich, Dora Juhasz, Missing Third Student

Throughout the year, it was obvious that Dr. Kruger did not only want the extra help in his lab, but that he was eager and enthusiastic to help his research assistants learn how to conduct research. I never felt as though I was simply following a set of given instructions when working with Dr. Kruger, but rather that I was a part of team working towards a common goal. I was able to make not only professional, but also personal relationships with Dr. Kruger and my fellow UROP research assistants. Dr. Kruger, to this day, is one of the best mentors I have had and his humorous personality was always contagious.

~Stephanie Misevich, Dora Juhasz~
