UNIVERSITY OF MICHIGAN

## Outstanding Research Mentor Chithra Perumalswami, M.D.

Research Fellow and Clinical Lecturer  
Internal Medicine, Medical School

Chithra Perumalswami was nominated by:  
Tariq Mekkaoui and Clark Schmutz

*I wanted a mentor I could never stop learning from, a mentor that wanted to teach me everything they knew, a mentor who was genuinely interested in my well-being. Thankfully, I found Dr. Perumalswami. I cannot imagine a better research experience than the one I have had with Dr. Perumalswami. We have spoken about the potential of my research and a possible honors thesis down the road. I am looking forward to continuing as a researcher under her mentorship for the duration of my undergraduate career. Even after my undergraduate journey I am confident we will stay in touch and will feel comfortable seeking her advice in any problem area in the future.*
