

2019 SUMMER UNDERGRADUATE RESEARCH PROGRAM
UM DEPARTMENT OF CHEMISTRY
CHEMISTRY, CHEMICAL SCIENCE, BIOCHEMISTRY, BIOMOLECULAR
SCIENCE, and INTERDISCIPLINARY CHEMICAL SCIENCE MAJORS

APPLICATION FORM

STUDENT: Please print/type the required information.

Name: _____

UMID#: _____ **Uniqname:** _____

Major (*must be a major within the chemistry department*): _____

Name of Research Advisor: _____

(Must be affiliated with the chemistry department)

Every summer, the department and a number of private and corporate partners provide summer undergraduate research fellowships. *This program is only available for chemistry, chemical science, biochemistry, biomolecular science, and interdisciplinary chemical sciences majors in their freshman, sophomore or junior year.* Our expectation is a minimum 10-week full time research equivalent (defined as 40 hrs/week); including participation in the program of activities associated with the REU program (weekly seminars, field trips, etc.).

Please attach a description of the research project in which you will be participating and have your research advisor submit a letter of support. *Requests without letters of support and a description of the research project will not be considered.*

Looking for an undergraduate research experience on campus? We encourage you to use our resources available on our website.
