

Scavenger Hunt Exhibition

Exhibitions are how museums share exciting research and interesting things in their collections. We at the Kelsey Museum would like to see what things you find exciting and interesting in your own life. Below is a list of six things to find in your house. Gather them together and arrange them in a way that is pleasing to you. Take a photo, making sure that nothing with your name, address, or other personal information is visible. Post your picture to social media with a brief description of your exhibition and tag us @kelseymuseum or use #kelseymuseum.
