

How to schedule an advising appointment

Advising

Graduate Advising

To schedule a Statistics Advising Appointment, please follow the button below. You will be required to log in using your U-M username and kerberos password. Once logged in, simply choose a reason for your appointment, advisor preference if you have one, and then select a time frame in which you would like to meet with an advisor. Hit the "List Appointments" button and a list of all available appointments matching your criteria will be returned. If you don't get any results, try expanding your search criteria.

If you have any questions or problems scheduling an appointment online, please contact us at statstudentservices@umich.edu.

For assistance with general education requirements for a Bachelor of Arts or Bachelor of Science degree, please contact LSA Academic Advising.

Step 1

← Select "Schedule an Appointment"
